A brief summary of the discussions held and the recommendations made is given below

- a) The committee discussed the course structure as well as each of the individual courses in detail and suggested various changes during the discussion.
- b) It was decided to make the suggested changes in the entire syllabus and circulate the revised copy to all the members for their comments before finalization.
- c) Some specific suggestions are
  - i) The research scholars should score a minimum CGPA of 7.5 in their pre-Ph.D. course work.
  - ii) The tutorial classes of the basic courses in physics, chemistry and mathematics should preferably include examples and case studies relevant to the discipline of the student.
  - iii) The pre-Ph.D. courses for Research Scholars should be out of the advanced courses(7<sup>th</sup> and 8<sup>th</sup> Semester) of M.Tech.. It is also recommended that the courses offered in 7<sup>th</sup> and 8<sup>th</sup> semester should not have tutorial component.
  - iv) The committee also suggested to explore the possibility of converting integrated M.Tech. program into dual degree(B.Tech. and M.Tech.) program with the B.Tech. degree also given at the end of the M.Tech program.
