

Workshop: Workshop on SPSS

Mode: Online

Expert: Dr. Sachin Kumar, Assistant Professor, NIT Hamirpur

No. of Participants: 09 Ph.D. scholars from DBA, CUJ

Date: 20th Nov 2025

Co-ordinator: Prof. Bhagwan Singh

Report: Online Workshop on SPSS

An online workshop focused on SPSS was successfully conducted on November 20, 2025, under the coordination of Prof. Bhagwan Singh. The session was tailored specifically for active researchers, drawing participation from nine Ph.D. scholars belonging to the Department of Business Administration (DBA) at the Central University of Jharkhand (CUJ).

Dr. Sachin Kumar, Assistant Professor at NIT Hamirpur, led the session as the subject matter expert. He guided the scholars through the practical applications of SPSS, walking them through the essential statistical tools needed for quantitative data analysis.

The small group size turned out to be a major advantage. It allowed the scholars to interact directly with the expert and clear up specific doubts related to the datasets in their own doctoral research. The hands-on format really helped the participants get a better grip on running statistical tests, making it a highly effective and focused technical training session.

ONLINE WORKSHOP ON SPSS
Empowering Research through
Advanced Statistical Analysis
Hosted by
Department of Business Administration (DBA),
Central University of Jharkhand (CUJ)

EVENT DETAILS

- Date:** November 20, 2025
- Mode:** Online (Virtual Session)
