

RefNo. 2023/TIH-IITR/035

Dated: 27/04/2023

Regarding training of Scheduled Tribes students in the field of Emerging Technologies

iHUB DivyaSampark a section 8 Non- profit company, is a joint initiative of the Department of Science & Technology, Government of India, and IIT Roorkee set up under the National Mission on Interdisciplinary Cyber-Physical Systems (NM-ICPS) for enabling interdisciplinary, collaborative, and translational innovation with more focus on smart devices and systems in the areas of Healthcare 4.0, Industry 4.0, and Smart Cities.

Being a technology innovation hub, our primarily focus is to provide services related to translation research, skill development, entrepreneurship development, and consultancy services to the government.

iHUB DivyaSampark has taken the initiative to provide training in emerging technologies to the Schedule Tribe (ST) community as a part of a special drive.

For conducting the training program, we have a team of experienced trainers (IITs and NITs faculty) and industry experts who will guide the participants throughout the program. The program will be conducted in a supportive and inclusive environment and will provide all the necessary resources to ensure that the participants have a smooth learning experience.

We would be pleased to conduct a similar program at your esteemed university/college for a week. The program will cover a range of topics in the field of emerging technologies (Deep Technologies).

- Basic Drone Technology
- IoT (Internet of Things)
- Machine Learning
- Mobile and Web App Development
- Python Programming

We hope that you will consider this request as an exciting opportunity for your students and support us in the special drive. Thank you for your time and consideration.

Sincerely,

Manish Anand

Manish Anand,
Chief Executive Officer
iHUB DivyaSampark
